[Overview](#)[Interventions](#)[Publications](#)[Additional Resources](#)[Partner Websites](#)

OVERVIEW

Effectiveness of community-based tobacco interventions within three areas of tobacco use prevention and control:

- 1) Preventing tobacco product use initiation,
- 2) Increasing cessation
- 3) Reducing exposure to environmental tobacco smoke (ETS).

[Chapter Summary](#)[Economic Effectiveness Findings](#)

INTERVENTIONS

Strength of Evidence

Recommended (Strong Evidence)	●●
Recommended (Sufficient Evidence)	●
Insufficient Evidence to Determine Effectiveness	?

Reducing Environmental Tobacco Smoke

Smoking bans and restrictions	●●
Community education	?

Reducing Initiation

Increasing the unit price for tobacco	●●
Media campaigns with interventions	●●

Increasing Cessation

Increasing the unit price for tobacco products	●●
Media campaigns with interventions	●●
Smoking cessation series	?
Smoking cessation contests	?
Provider education systems alone	?
Provider reminder systems alone	●
Provider reminder systems with provider ed	●●
Provider feedback system	?
Reducing patient costs for treatments	●
Quitter telephone support with interventions	●●
